

## Company Profile

Since its establishment, SonoScape has been committed to providing high quality medical equipment for the healthcare sector. SonoScape specialized in the development and production of diagnostic ultrasound. Through innovation, SonoScape continues to not only improve the efficiency and accuracy of healthcare solutions, but also to increase the level of comfort for the patient and clinician. Since 2002, the innovative technology of SonoScape has benefited millions of people and we are dedicated to continue providing more effective and precise healthcare solutions to the world.

## Quote from Frost & Sullivan

"The Frost & Sullivan Award for Growth Leadership is awarded to the company that has demonstrated excellence in capturing the highest annual compound growth rate for the last 3 years. The sales of ultrasound devices contribute an overwhelming proportion of total revenue, helping the company strengthen its leading position to outpace the competition in the marketplace. With increasing penetration of mid-to high-end ultrasound devices, SonoScape is expected to see growth potential in the future."

## Company Milestone

- 2002: Company founded in Shenzhen, China
- 2002: Released SS-1000: the 11" 15" format Color Doppler system in China
- 2004: Released SS10000: the 11" PC platform Color Doppler system in China
- 2005: Received the "High Technology Company" award from the PRC government
- 2007: Received "China Top 1000" award in the Medical Equipment Industry
- 2007: Released the 11" Real time HD ultrasound system in China
- 2008: Received "Supplier Enterprise and Company 2008" award from FROST & SULLIVAN
- 2008: Received "Flagship Company" award in the Medical Equipment Industry in China
- 2008: Received "Product Quality Leadership Award 2008" from FROST & SULLIVAN
- 2011: Received the "Reddot 2011 Product Design Award" for SS1000 in Essen, Germany
- 2012: Received "Ultrasound Market Growth Leadership Award 2012" from FROST & SULLIVAN
- 2014: Received the iF product design award 2014 for SE in Munich, Germany
- 2014: Received "Company of the Year in Ultrasound Market, 2014" from FROST & SULLIVAN
- 2016: Received "Product Innovation in Electronic Endoscopy Market" from FROST & SULLIVAN
- 2017: Received the iF product design award 2017 for X5 in Munich, Germany

Caring for Life through Innovation

Empowered by SonoScape's new generation ultrasound platform, P50 enhances its flexibility and intelligence to a new level. P50 improves its signal transmission and reception processors, which leads to a higher sensitivity and a more accurate echo detection. What's more, it is equipped with a wide range of transducers which adopt innovative technologies and therefore promises a confident diagnostic experience.

## Ergonomic Industrial Design

LED monitor with adjustable height

Adjustable control panel

Control panel with height adjustment

Gel warmer

Long battery life

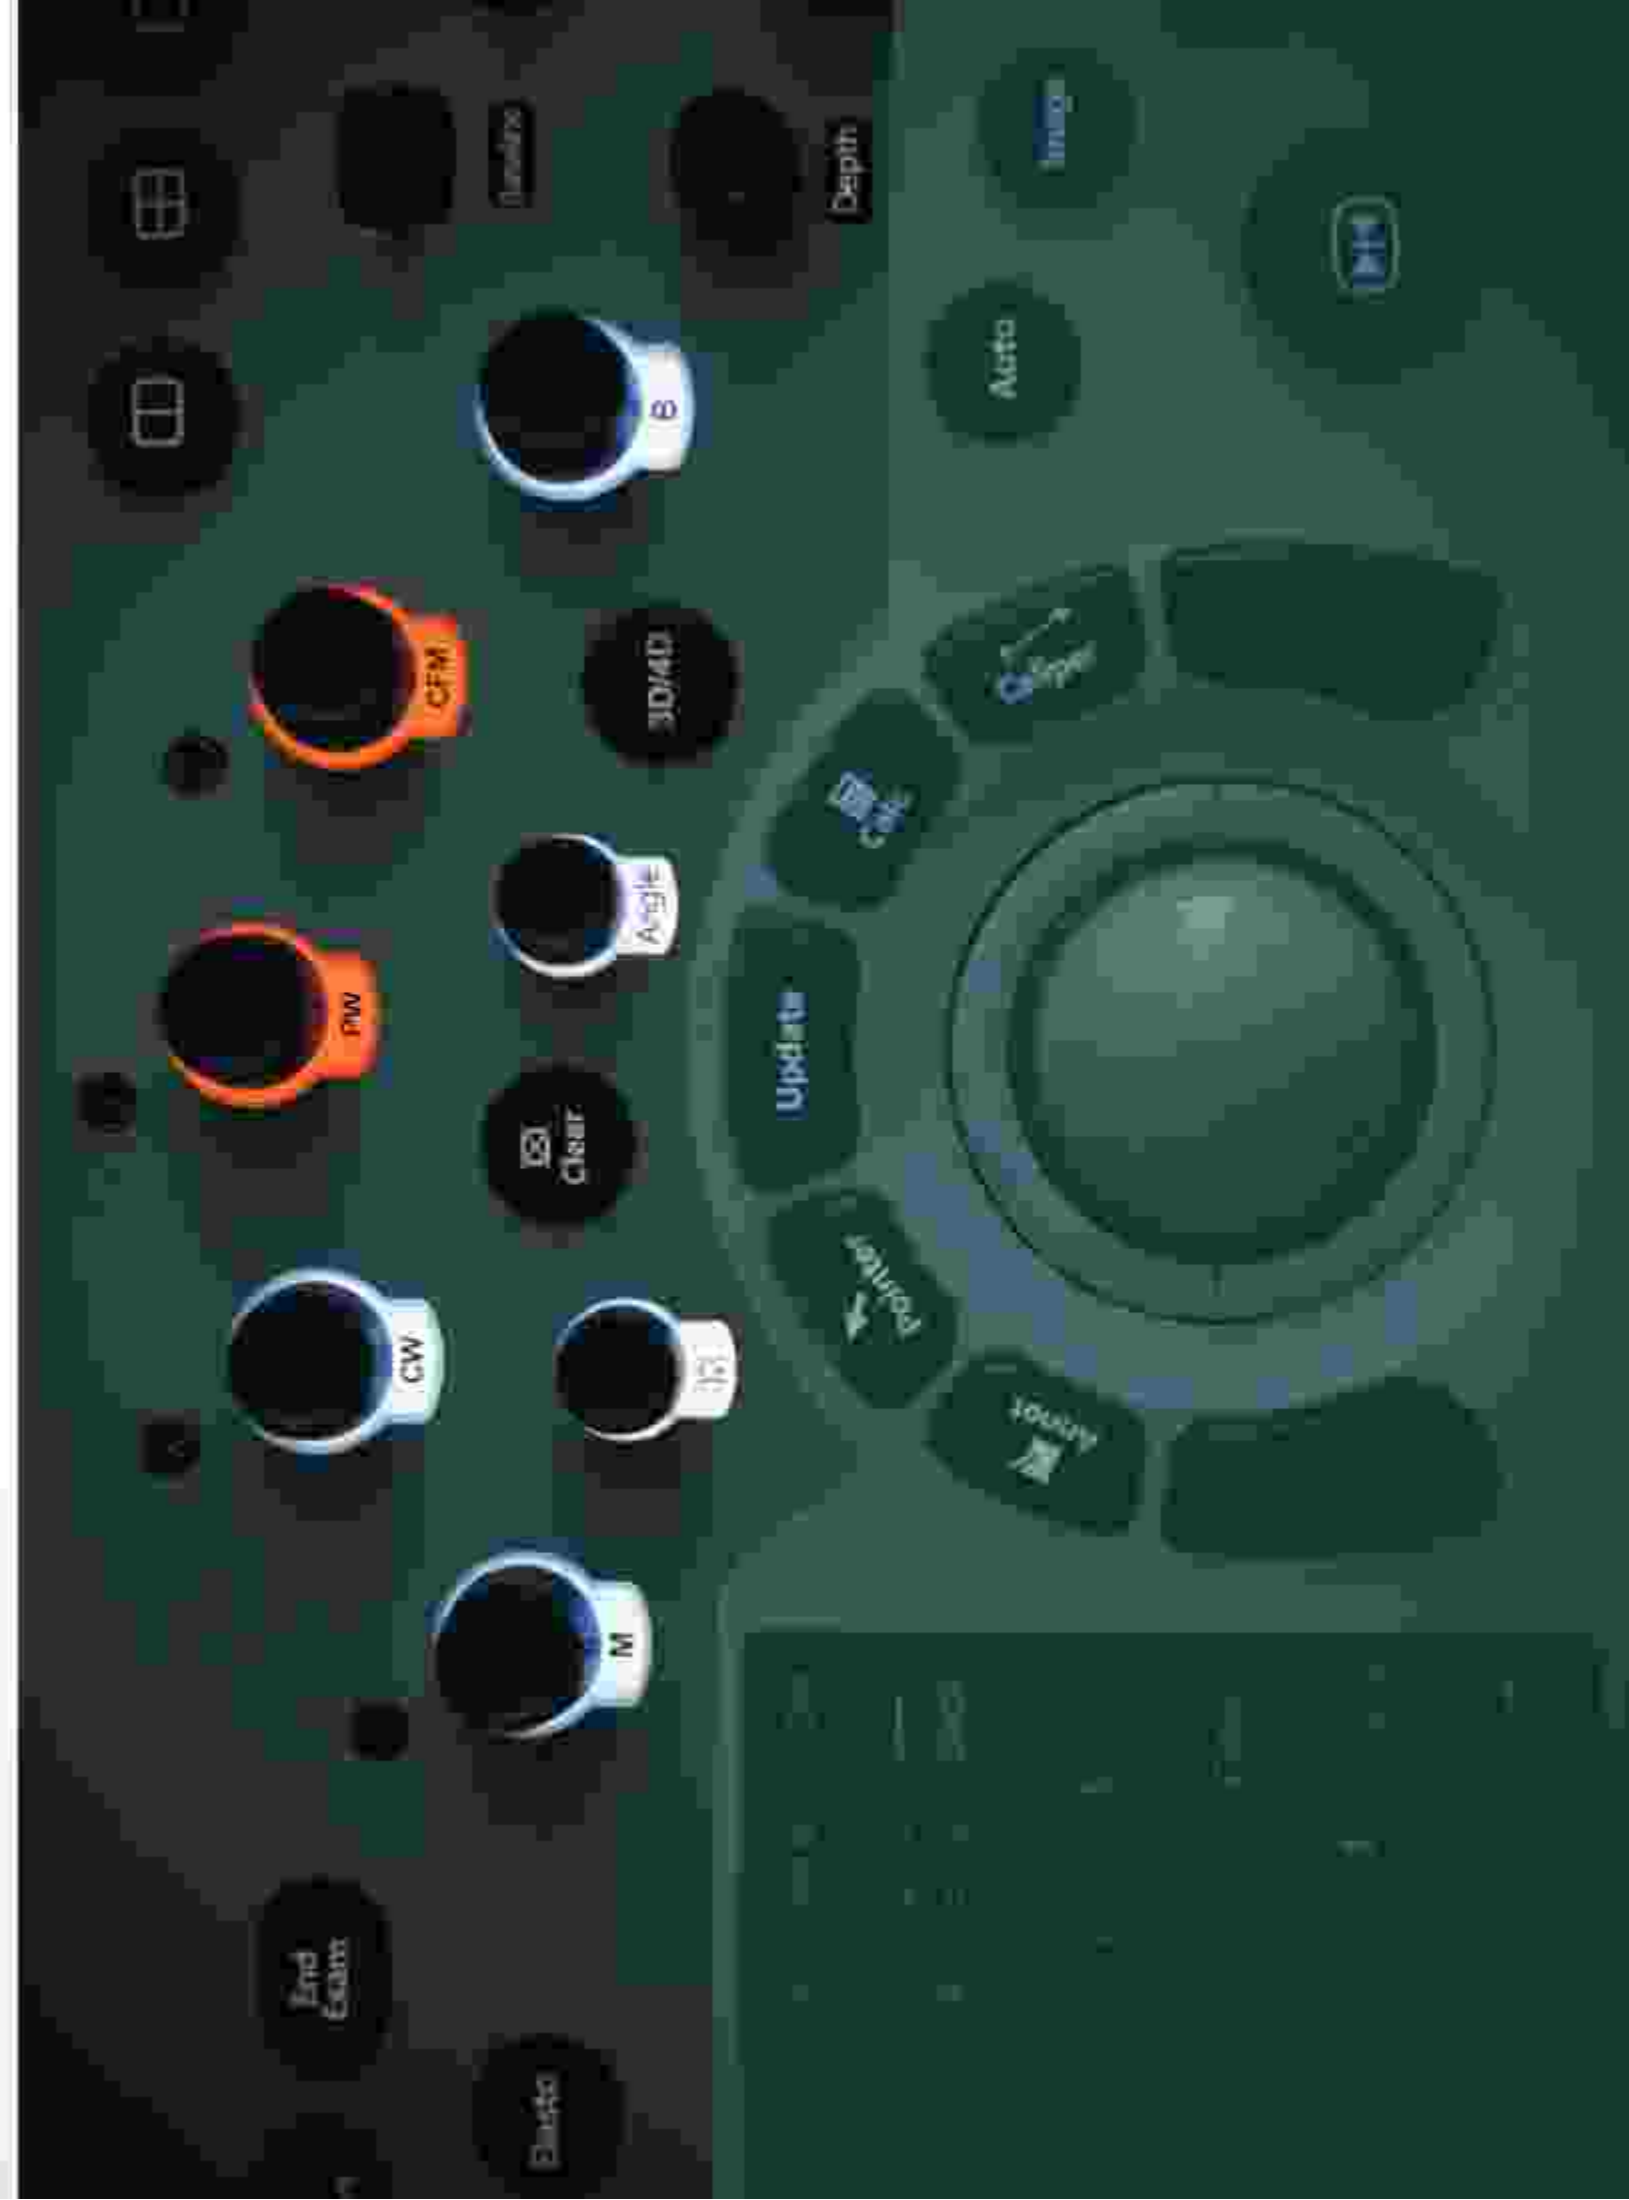

WiFi Connection

# Consistent quality performance across applications

Enhanced with advanced imaging architecture and probe technologies, the system enlarges diagnostic capacity and quality across a wide range of applications.

## Intelligent

An intelligent analysis system, equipped with a variety of automated analysis tools to provide increasingly accurate and efficient solutions.

## Auto optimization

Auto EF

Auto NT

Auto IMT

Auto Face

## Suited to Your Needs

Stable and versatile, P50 is adaptable to a variety of clinical settings. Capable of both general and specialized imaging, P50 is ready to take care of daily clinical needs including abdominal, OB/GYN, cardiology, musculoskeletal, small parts, breast, vascular, pediatrics and more for patients of varying sizes.
